Who am I and what am I looking for?

After 8 years in the tech, as a network and security engineer, where I learned lots of things and grow up as an engineer and a human being, I understood that I was happier leading a team and helping them to achieve big projects and grow in their skills.

Professional experience

Engineering Manager @ OVHcloud *(Mars 2018 - Present)*

Education and languages

TBC

Activities and interests

- **Hobbies**: reading (a lot!),
